Introduction

The School of International Studies

- **The School of International Studies (SIS)** at Renmin University is one of the oldest and most prestigious institutions that focuses on international relations in China.
- **Established in the early years** of the People's Republic of China, it has played a significant role in the development of the field within China.
- The school has a **long history of academic excellence** and has contributed significantly to the study and application of international affairs and diplomacy both in China and globally.

The School of International Studies

- Hosts dozens of research institutes, such as **the Center for Latin American Studies**.
- Home to 73 faculty members, 1000 local students and **over 100 international students**.
- Established partnerships with over **30 universities** across the world.

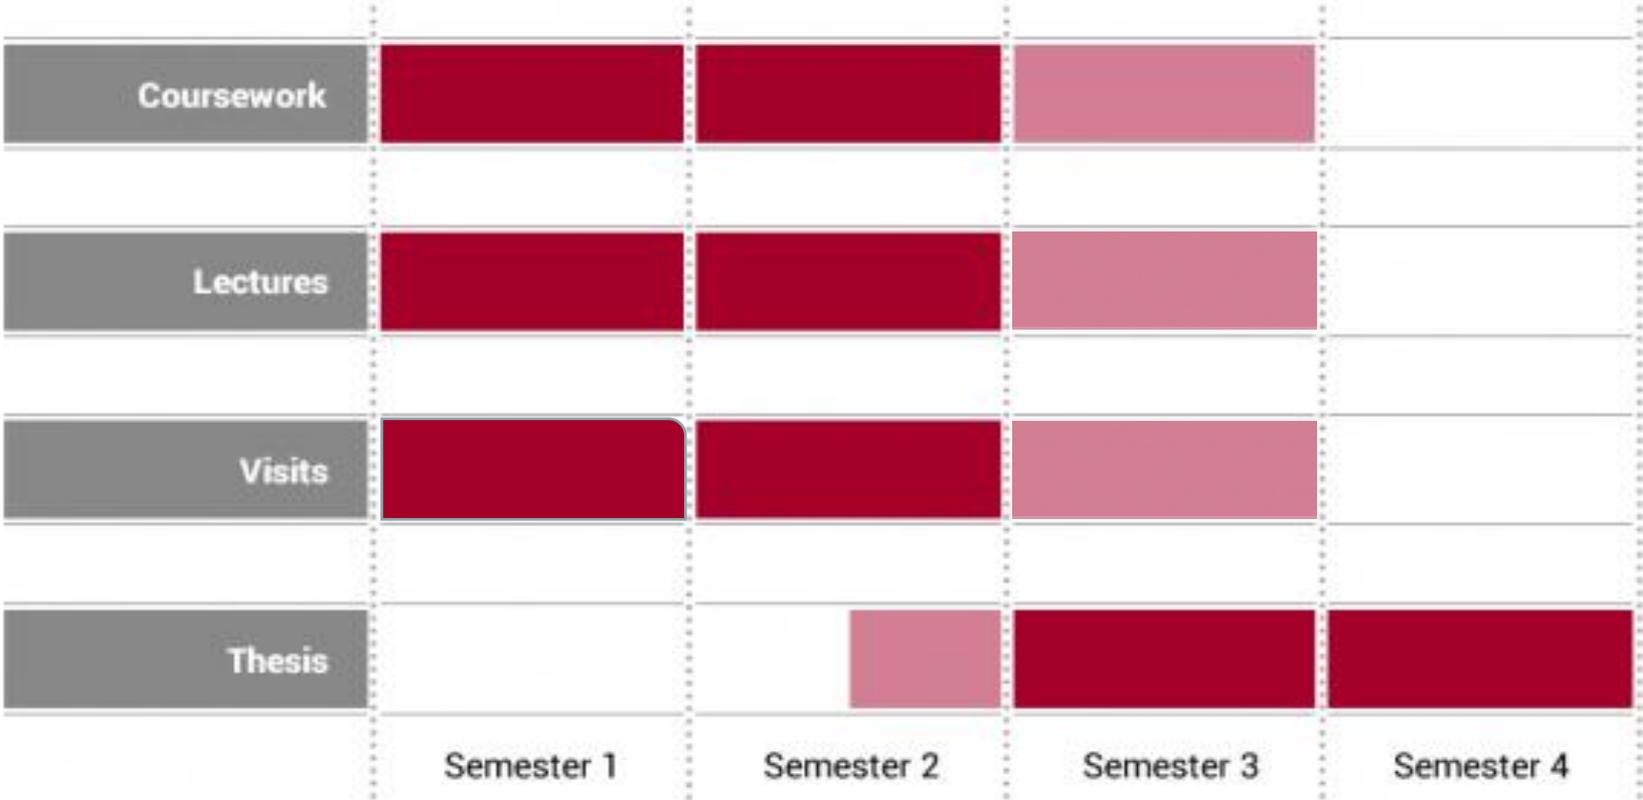

The School of International Studies

- The SIS is composed of **three departments** and various **research institutes and centers**:
 - The Department of Political Science, Department of International Politics, Department of Diplomacy,
 - Institute of World Socialism Studies, Institute of Russia, East Europe and Central Asian Studies, Center of European Studies and other teaching and research units.
- The School also has a number of **project-oriented centers**, including:
 - the Institute for Foreign Affairs Studies, Center for United Nations Studies, Center for Civil Servant Studies, Center for International Energy and Environment Strategy Studies, Center for American Studies, and the Institute of Comparative Politics and Economics.

Contemporary China Studies Program

- The **first English-taught master's program** offered at Renmin University of China.
- The **faculty are renowned experts** in their respective disciplines who hold distinguished reputations both in China and internationally.
- Offers **double degree programs** with **leading universities in Europe and Asia** (King's College London, LUISS, and Niigata University).
- Offers students who are not yet proficient in Chinese the opportunity to **study governance and international relations** in China.
